EDUCATION

2021 - 2024

BINH SON HIGH SCHOOL
QUANG NGAI

2025

FPT UNIVERSITY

- Software Engineering

SKILLS

SOFT SKILLS:

- Teamwork
- Eagerness to Learn
- Proactive Learning
- Dedication

TECHNICAL SKILLS:

- Programming Languages: C (Basic), Java Core (OOP Fundamentals), HTML/CSS.

LANGUAGES:

- English: IELTS 6.5

PROFILE

As a sophomore majoring in Software Engineering, I have equipped myself with a solid foundation in C and Java. However, I realize that self-study alone is insufficient to fully unlock my potential.

I aspire to join F-Code's Back-end Crew to apply my skills in a dynamic environment, learn from seniors, and cultivate a lasting passion for programming.

EXPERIENCE

BINH SON HIGH SCHOOL

2021 - 2024

- Provincial High School Student Olympiad (HSG): Fourth Prize in English (Grade 11 & 12).
- **Head of Academic Department of English Club:**
 - Mentored members to improve their English skills, fostering a culture of active learning and mutual support.
 - Organizing weekly knowledge-sharing sessions for members.

GOALS

FPT UNIVERSITY

2025 - 2028

- Join F-Code Back-End Crew with dedication and a strong eagerness to learn.
- Build personal projects applying Java, C/C++, Python, C#, and SQL.
- Master Back-End technologies (Database, RESTful API) for real-world applications.
- Actively participate in workshops to update technical and soft skills.

OJT & FUTURE

- Successfully complete the OJT semester at a technology company.
- Become a professional Software Engineer and continue to support the F-Code community as an alumnus.
